— La cultura artigianale come patrimonio aziendale ci ha permesso negli anni di coniugare i vantaggi di una produzione moderna con la cura del dettaglio tipica delle lavorazioni manuali. Dopo un secolo di storia, realizziamo ancora internamente tutte le fasi produttive comprese le più delicate, come il tradizionale intreccio a mano. Il risultato sono prodotti per indoor e outdoor di qualità superiore, capaci di raccontare una storia fatta di tradizione, cura e innovazione.

**UNA QUALITÀ SENZA COMPROMESSI
UNCOMPROMISING QUALITY IS OUR MISSION**

The artisan culture as a corporate asset has allowed us to combine, over the years, the advantages of a modern production with the attention to detail, typical of manufacturing. After over a century of history, we still manage

internally all the production phases, including the most delicate ones, such as the traditional hand weaving. The results are superior quality indoor and outdoor products, able to tell a story made of tradition, care, and innovation.

Il dialogo armonioso tra gli oggetti e la natura circostante prende forma in un racconto composto da sette episodi. La vita all'aria aperta diventa simbolo di un nuovo modo di abitare.

The harmonious dialogue between the objects and the surrounding nature takes shape in a story made of seven episodes. Outdoor life becomes a symbol of a new way of living.

— Il cielo limpido del giorno cede il passo alle sfumature tenui della sera, la materia si colora dei toni caldi del tramonto. Lentamente sagome e profili si fondono con l'orizzonte trasformandosi in un corpo unico dai contorni sbiaditi, aspettando l'alba di un nuovo giorno.

The clear daylight surrenders to the soft shades of the evening, the matter is infused with the warm tones of sunset. Silhouettes and profiles slowly merge with the horizon, shaping into a single body where outlines are faded, while waiting for a new dawn.

Graphic family

— Graphic è una collezione nata come estensione della famiglia di sedute Keel mantenendo lo stesso codice compositivo. Una struttura di elementi sottili e geometrici si unisce armoniosamente con dei piani funzionali, dando vita a tavoli, panca, scrittoio e tavolini accessori. Le due versioni di Graphic - per interno ed esterno - si differenziano per le finiture: nel caso della variante outdoor gli arredi sono caratterizzati dal piano in hpl, mentre nella versione indoor il piano è in legno massello.

The Graphic collection was born as an extension of the Keel seating family, maintaining the same compositional code. A structure of thin and geometric elements joins harmoniously with a functional top, giving life to tables, benches, desks and coffee tables. The two versions of this collection - indoor and outdoor - differ in the finishes: in the outdoor version, the furnitures are characterized by an hpl top, whereas the top is made of ashwood for the indoor version.

Cut family

— La famiglia Cut è progettata con l'idea di creare una collezione completa di sedute avvolgenti, leggere e minimali per gli spazi da vivere all'esterno. Composta da bergère, poggiatesta, sedia, poltroncina e sgabelli, la famiglia Cut prende forma da una struttura in tondino d'acciaio verniciato a polveri epossidiche, che disegna la silhouette armoniosa e longilinea di gambe e seduta, e da un guscio intrecciato a mano in fettuccia di gassa.

The Cut family is designed with the intention of creating a complete collection of embracing, light and minimal seats for outdoor living spaces. The collection is made of bergères, foot stools, chair, lounge armchair and stools. It takes shape from a steel rod structure painted with epoxy powders - which designs the harmonious and slender legs and seat - and from a hand-woven shell in beige "Gassa" rope.

Vela family

— La famiglia Vela, composta da sedia e poltroncina, dining impilabili, poltrona lounge, sgabelli a due altezze e divano a due posti è la perfetta sintesi tra design e maestria artigianale: all'agile struttura in tubo di metallo verniciato con gambe a slitta è abbinato un intreccio realizzato a mano in cordino nautico o pvc che ne costituisce l'elemento di unicità.

The Vela family, composed of stackable dining chair and lounge armchair, lounge armchair, two-height stools and two-seater sofa is the perfect synthesis between design and craftsmanship: the agile structure in painted metal tube with sled legs is combined with a handmade weaving in nautical cord or pvc that constitutes the element of uniqueness.

Un'iperbole formale che fa di un elemento funzionale il tratto estetico che connota l'intero progetto. Con struttura composta da doghe in massello di iroko e corredata da un materasso imbottito, Suno presenta uno schienale regolabile in diverse inclinazioni per vivere il relax all'aria aperta all'insegna del massimo comfort.

— Incastonato tra le rocce, lontano da occhi indiscreti, un angolo di natura congiunge la baia con l'orizzonte urbano. La ricchezza della vegetazione fa da cornice e rifugio dello spazio abitativo. Un inno alla bellezza celata, che si mostra nel suo splendore soltanto agli occhi di chi sa coglierla.

Set among the rocks, far from prying eyes, a corner of nature ties the bay with the urban horizon. The abundance of vegetation frames and shelters the living space. An ode to the hidden beauty, that reveals its splendor only to the eyes of those who can grasp it.

Soul family

— Soul è una collezione di sedute e tavolini che nasce dall'intento di creare un sistema modulare agile e avvolgente. Divani, poltrone lounge e chaise longue sono caratterizzati dall'intreccio dello schienale e dei braccioli, oltre che da pianali modulari con cuscini in appoggio. La modularità del telaio consente di strutturare tutti gli elementi in composizioni chiuse, bifacciali o angolari. La struttura è caratterizzata dal dettaglio che unisce gli elementi. Questa si sviluppa anche nel disegno dei tavolini, disponibili in varie dimensioni e top, sia quadrati che rettangolari.

Soul is a collection of seats and coffee tables, born from the intent to create an agile and enveloping modular system. Sofas, lounge lounge armchairs, and chaise longues are characterized by the interweaving of the backrest and armrests, as well as modular platforms with cushions in support. The modularity of the frame allows you to structure all elements in double-sided or corner compositions. The structure is characterized by the detail that unites the elements. This also develops in the design of the coffee tables, available in various sized and tops, both square and rectangular.

— Il sole si specchia nell'acqua che circonda il promontorio, mentre le onde restituiscono riflessi caldi che si propagano sull'orizzonte. I frammenti brillanti delineano gli arredi creando scenari suggestivi in cui lo spazio diventa dinamico. Risultato di un dialogo incessante e reciproco tra luce e ombra.

Rays of sun mirror in the water surrounding the bay, and the waves give back warm reflections of light spreading over the horizon. Bright glimmers outline the objects, drawing suggestive scenarios where space becomes dynamic, resulting in a perpetual and mutual dialogue between light and shadow.
